Adams Street Partners Closes 2021 Global Fund with \$832 Million in Commitments

CHICAGO, IL – December 20, 2021 – Adams Street Partners, a private markets investment firm with more than \$49 billion under management, has held the final closing of the Adams Street 2021 Global Fund Program with approximately \$832 million in committed capital. Adams Street’s global program provides investors exposure to a comprehensive private markets portfolio with exposure to all of Adams Street’s investment strategies, including primaries, secondaries, co-investments, growth equity, and private credit.

The global fund program saw strong worldwide demand, with commitments coming from new and existing investors in North America, Europe, the Middle East, and Asia. Backers included a broad set of public and corporate pension plans, high net worth individuals, foundations, and endowments. Adams Street’s global program was first offered in 1996 and has been consistently managed through disciplined risk management and portfolio construction techniques.

“Investors worldwide are increasingly attracted to private market investment solutions that are data-driven and have the ability to produce attractive risk-adjusted returns,” said Jeff Diehl, Managing Partner and Head of Investments at Adams Street. “We are grateful for the confidence our investors have placed in us and the Adams Street Global Fund to help meet their return objectives while seeking to successfully navigate risks.”
